**The Jonah Code**

Twenty-five hundred years ago the angel Gabriel delivered an astonishing message to the prophet Daniel concerning the "seventy years" captivity of Judah. Daniel was given a cryptic code concerning "*seventy-shevaim* (sevens)" which would be fulfilled on three separate, but interwoven layers throughout the history of the nation of Israel. That divine prophecy was "sealed up" until the generation when increased scientific knowledge would allow mankind to understand its complex mathematical code.

Understanding the *seventy-sevens* prophecy has been the lifelong quest of Biblical historian, Michael Rood. After thirty years of searching the chronological details of Yahshua's (Jesus) ministry, which necessitated the restoration of the Creator's original calendar and reckoning of time, the three prophetic layers of Daniels prophecy have now, for the first time in history, come into clear focus. If Michael's calculations are correct, the nation of Israel is already in the third prophetic layer of Daniel's prophecy; the four year countdown to the thermonuclear ruin of Damascus has already begun.

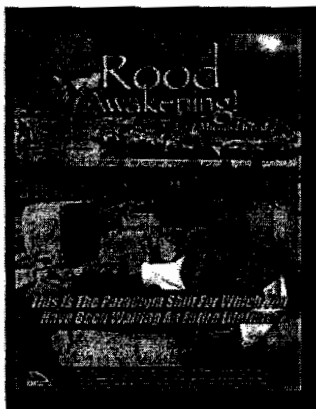

The solution to *The Jonah Code*, which was over thirty years in coming, has proven to be the foundational equation to this remarkable discovery. Join Michael Rood for two inspiring nights that will change your life and your perspective of the future.

**About Donations**

A Rood Awakening Ministries is the corporate entity that serves YHVH in the promotion and distribution of Torah based teachings. Michael Rood removed himself from this organization on August 7, 2007. All donations received by A Rood Awakening Ministries will be used for the Ministries' purposes.

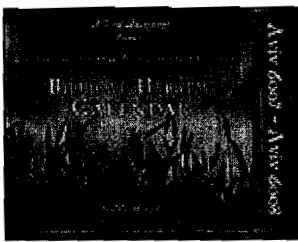

All of us with A Rood Awakening Ministries have attempted to handle this controversy according to the mandates of Scripture. There is a committee of Godly men who are reviewing both sides of the disagreement and are actively examining issues with both parties. When a determination or decision is made, everyone will know BOTH sides of the story and all will be able to make an intelligent decision based on Truth.

We ask that you be patient and do not make a determination until you have heard both sides of the controversy.
